Solution: Total Tables= 13

{1 mark for 13 tables} {1 mark for each table 1x11=11 , except services and AIRPLANE, 1.5 marks each that is 1.5x2=3} [1+11+3=15}

{-0.5 for not specifying PK or FK for each table}

OWNER {OwnerID}

PERSON {SSN, OwnerID, Name Address, Phone } OwnerID foreign Key references Owner

CORPORATION {Name, OwnerID, Address, Phone} OwnerID foreign Key references Owner

EMPLOYEE { SSN, Salary, Shift} SSN foreign key references Person

PILOT {SSN, Lic_num, Restr } SSN foreign key references Person

PLANE_TYPE {Model, capacity, weight}

HANGER {Number, capacity, Location}

AIRPLANE {Reg#, Number, Model} Number foreign key references Hanger, Model FK references PLANE_TYPE [1.5 marks]

SERVICES { Reg#, Date, workcode, Hours } Reg# foreign key references AIRPLANE [1.5 marks]

WORKS_ON{ Model, SSN} Model FK references PLANE_TYPE, SSN FK references Employee

FILES {MODEL,SSN} Model FK references PLANE_TYPE, SSN FK references Pilot

MAINTAIN{SSN, Reg#, Date, Workcode} SSN FK references Employee, Reg#, Date, Workcode FK references SERVICE

OWNS{Reg#,OwnerID} Reg# FK references AIRPLANE, OwnerID FK references Owner
